LEGISLATIVE UPDATE

Yesterday, the Illinois House failed to override the Governor's veto of SB 2964 falling short by one vote (70 Yeas - 42 Nays) with two voting present and two members unavailable due to excused absences.

The bill would have amended the **Prevailing Wage Act** so that determining the rate that prevails in a county would be based on similar work performed under collective bargaining agreements in the locality, provided that the agreements cover at least 30% of the workers.

IN OTHER LEGISLATIVE NEWS

As reported by our PCA-Plumbing Council members in last week's *Workflow* publication, a federal Texas judge has issued a nationwide injunction against the new **Overtime Rule**, which was set to go into effect on Dec. 1, 2016.

The rule was to raise the salary cap from \$455/week to \$921/week or \$47,892/year. The injunction stops enforcement of the rule until the government can overturn the injunction through an appeals court. The PCA is holding a meeting to discuss the impact of the injunction at 11:30 a.m. Thursday, Dec. 15 at the UCA of Illinois office in Itasca. To register, call Barb Bigelow at the PCA office at 312-563-9526 or by email at barb@plumbingcouncil.org.
