## CONSTRUCTION NEWS BRIEFS

Construction Industry Service Corporation - [www.cisco.org](http://www.cisco.org) - 630.472.9411 - Dan Allen, Executive Director

### CISCO LUNCHEON HITS GRAND SLAM WITH GOV. PRITZKER & IDOL DIRECTOR MICHAEL KLEINIK AS DUAL SPEAKERS

CISCO's members and guests were treated to a menu with double dessert as Governor JB Pritzker spoke to a crowd of nearly 300 people last Friday.

Governor Pritzker's remarks followed the recognition of the scholarship award winners, and the event was capped off by comments from the new Department of Labor Director Mike Kleinik.

Executive Director Dan Allen introduced the Governor by noting several recently enacted laws supporting union labor, contractors and working families in the Governor's first 100 days.

The Governor continued in that theme saying that he is 100% committed to passing a Capital Bill with both "horizontal and vertical investments" and wants to work with the construction industry to put contractors and building trades members to work.

In closing, the Governor said, "When we look back, I want people to see that this administration was about working families, and that my time as governor was spent getting lasting opportunities for middle class families, our young people, our very youngest children, and making sure everybody has the opportunity to thrive."

Director Kleinik takes over an agency that the previous administration neglected, and he stated in his remarks

that his department plans to improve the process of reviewing complaints of violations of the Prevailing Wage Act.

Kleinik also said that IDOL plans to "launch a user friendly platform for unions to report their collective bargaining rates throughout the year."
